Addendum No. 1

Dear Contractor:

This addendum is being issued to the contract for construction on State highway in SISKIYOU COUNTY NEAR YREKA FROM JULIEN CREEK BRIDGE TO WALTERS ROAD OVERCROSSING.

Submit bids for this work with the understanding and full consideration of this addendum. The revisions declared in this addendum are an essential part of the contract.

Bids for this work will be opened on November 8, 2005.

This addendum is being issued to revise the Notice to Contractors and Special Provisions.

In the Special Provisions, Section 10-1.025, "PORTABLE CONCRETE WASHOUT FACILITY," is added as attached.

In the Special Provisions, Section 10-1.02, "WATER POLLUTION CONTROL", subsection "WATER POLLUTION CONTROL PROGRAM PREPARATION, APPROVAL AND AMENDMENTS," the following paragraph is added after the seventh paragraph:

"The following contract items of work shall be incorporated into the WPCP as "Temporary Water Pollution Control Practices": portable concrete washout facility. The Contractor's attention is directed to the special provisions provided for Temporary Water Pollution Control Practices."

In the Special Provisions, Section 10-1.12, "MODIFIED CHAIN LINK FENCE," is added as follows:

**"10-1.12 MODIFIED CHAIN LINK FENCE**

Chain link fence shall be Type CL-1.8 with modifications as provided in the detail titled "Modify Chainlink Fence" in the plans and shall conform to the provisions in Section 80, "Fences," of the Standard Specifications."

To Proposal and Contract book holders:

Inquiries or questions in regard to this addendum must be communicated as a bidder inquiry and must be made as noted in the NOTICE TO CONTRACTORS section of the Notice to Contractors and Special Provisions.

Indicate receipt of this addendum by filling in the number of this addendum in the space provided on the signature page of the proposal.

Submit bids in the Proposal and Contract book you now possess. Holders who have already mailed their book will be contacted to arrange for the return of their book.

Inform subcontractors and suppliers as necessary.

This office is sending this addendum by confirmed facsimile to all book holders to ensure that each receives it. A copy of this addendum is available for the contractor's use on the Internet Site:

**[http://www.dot.ca.gov/hq/esc/oe/weekly\\_ads/addendum\\_page.html](http://www.dot.ca.gov/hq/esc/oe/weekly_ads/addendum_page.html)**

If you are not a Proposal and Contract book holder, but request a book to bid on this project, you must comply with the requirements of this letter before submitting your bid.

Sincerely,

ORIGINAL SIGNED BY

JODY JONES  
District 3 Director

Attachment

#### **10-1.025 PORTABLE CONCRETE WASHOUT FACILITY**

A portable concrete washout facility shall be furnished, maintained, and removed as specified in the approved Storm Water Pollution Prevention Plan in conformance with "Water Pollution Control" of these special provisions, and these special provisions, and as directed by the Engineer.

A portable concrete washout facility shall consist of a commercially available drum at a minimum size of 208-liter. The drum shall be stenciled "Concrete Waste Material." The letters shall be black and 100 mm in height on a white background. The top of the stenciling shall be 300 mm from the top of the barrel.

#### **PLACEMENT**

A portable concrete washout facility shall be as follows:

- A. A portable concrete washout facility shall be in place prior to placement of concrete and shall be located in the immediate area of the concrete work as approved by the Engineer. Portable concrete washout shall be located away from construction traffic or public access areas. After initial placement, temporary concrete washout facility shall be moved as needed for concrete construction work. When portable concrete washout facility is no longer required, as determined by the Engineer, portable concrete washout facility shall become the property of the Contractor and shall be removed and disposed of in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications.
- B. A sign shall be installed adjacent to each washout at a location determined by the Contractor and approved by the Engineer. Signs shall be installed in conformance with the provisions in Section 12-3.06B, "Portable Signs" of the Standard Specifications. Each portable sign shall consist of a base, framework and a sign panel. The sign panel shall be made out of plywood and shall have a minimum size of 300 mm by 900 mm. The sign panel shall read "Concrete Washout" with black letters on a white background.
- C. The Contractor shall provide sufficient portable concrete washout capacity to contain liquid and concrete waste generated by washout operations without seepage or spillage.

Maintaining portable concrete washout facility shall include removing and disposing of concrete waste. Concrete waste materials generated shall be removed each day and disposed of in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way" of the Standard Specifications.

When relocating or transporting portable concrete washout facility, the portable washout shall be properly secured to prevent spilling of concrete waste materials.

#### **PAYMENT**

The contract lump sum price paid for portable concrete washout facility shall include full compensation for furnishing all labor, materials, tools, equipment, including sign, and incidentals, and for doing all the work involved in furnishing, placing, maintaining, repairing, replacing, transporting from location to location, disposing of concrete waste and removing portable concrete washout facility, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.
